

TABLE OF CONTENTS

Section	Page No.
CHAPTER I. Munitions and Explosives of Concerns (MEC) Activities	1
1. Project Management	1
A. General	1
B. Personnel Standards and Qualifications	13
C. UXO Team Organizational Standards.....	14
D. Other Project Team Standards	16
E. Accident Reporting and Record Keeping	17
F. Determination of Government Safety Oversight.....	19
G. PPE.....	21
H. Waivers	23
I. Monitoring Requirements for Safety and Quality.....	23
J. Training	24
K. Record Keeping	27
2. Safety Planning and Field Operations	29
A. General Safety Concerns and Procedures.....	29
B. UXO/MEC-Additional Precautions.....	30
C. Consolidation of Military Munitions Pending Disposal ...	34
D. Transportation of Military Munitions Off-site	36
E. Transportation of Military Munitions On-site	36
F. Exclusion Zone Operations	37
G. Essential Personnel and Authorized Visitors.....	39
H. Anomaly Excavation	43
I. Assessing Munitions with Unknown Fillers	43
J. Military Munitions Disposal Operations	45
K. Cell Phone Use	47
L. OSHA Inspections	48
M. Department of Defense Explosive Safety Board Visits..	48
N. Explosives Storage and Magazines	49
O. Approved Engineering Controls for Blast and Fragmentation Mitigation.....	56
P. Use of DDESB Technical Paper 16 for Determination of Exclusion Zones.....	58

Section (Continued)	Page No
Q. Explosive Site Plans and Safety Submissions	58
R. Not Used	66
S. Pre-Operational Surveys.....	66
T. Detection methods and Equipment	69
U. Mechanized MEC Procedures.....	69
3. OESS Responsibilities and Authorities.....	73
A. General	73
B. QA Procedure for Removal/Remedial Actions-Initial Pre-operations checks	76
C. QA Procedure for Explosives and Work Place Safety ..	81
D. QA Procedure for Contractor Quality Control.....	84
E. QA Procedure for Mag/Flag for Mag/Dig Operations	87
F. QA Procedure for Digital Geophysical Mapping Operations	89
4. Explosives Safety for Military Contingency Operations	91
A. General	91
5. Buildings and Installed Equipment Containing Explosives Residues That Present Explosion Hazards.....	93
A. Step One: Classify the Likely Event of Explosives Residues Presence	93
B. Step Two: Inspect And Test For Explosives Residues	104
C. Step 3 – Remove Explosives Residues	108
D. Management of Scrap and Building Debris After the Removal	114
6. Explosives Safety Design Considerations	121
A. Position Hazard Analysis (PHA).....	121
B. Activity Hazard Analysis (AHA)	124
7. Electrical Considerations.....	125
A. General	125

Section (Continued)	Page No
8. Hazard Classifications of Ammunition and Explosives	127
9. Hazard Classification of MEC.....	129
A. Recovered MEC.....	129
10. Explosives Safety for Wartime Operations	131
A. Explosives Safety for Wartime Operations	131
11. Material Potentially Presenting an Explosive Hazard	137
A. MPPEH – Contractor Responsibilities and Procedures.....	137
B. Munitions Debris (MD) Certification and Verification ...	140
C. Maintaining the Chain of Custody and Final Disposition.....	142
D. Release of MPPEH.....	143
CHAPTER II. Explosives Safety for Construction/ Demolition Activities.....	145
A. General	145
B. Additional Requirements	146
CHAPTER III. Munitions and Explosives of Concern (MEC) Encountered During USACE Activities	147
A. Requirements.....	147
B. Encountering MEC	149
C. Examples of MEC items.....	152
CHAPTER IV. Explosives Safety Site Plans (ESSP) Requirements	173
A. General	173
B. Requirements.....	178
C. ESSP Approval Process	181
D. ESSP Preparation and Submittal.....	186

Section (Continued)	Page No
CHAPTER V. Explosives Safety for Research and Development (R&D) Operations.....	197
A. Requirements.....	197
B. Minimum Guidance Requirements	197

Appendix No.	Page
A ---- References.....	A-1
B ---- Not Used.....	B-1
C ---- CEHNC Form 948	C-1
D ---- Preliminary Explosives Safety Site Plan (ESSP) Checklist. D-1	
E ---- Final Explosives Safety Site Plan (ESSP) Checklist.....	E-1
F ---- Corrective Action Request (CAR)	F-1
G ---- Generic On-Site QA Checklist	G-1
H ---- Points of Contact	H-1
I ---- Explosives Safety Site Plan QD Worksheet.....	I-1
J---- Sample of Explosives Safety Siting Map	J-1
K ---- Quality Assurance Report (QAR) Format	K-1
L---- Abbreviated Site Safety and Health Plan (ASSHP) Format .L-1	
M---- Explosives Safety Standards QD Relationships	M-1
N ---- Glass Hazard Risk Assessment Form and Memorandum For Record/Check List for Assessing Risk.....	N-1
O---- Sample Site Plan Submission.....	O-1
P ---- Explosives Site Plan Content.....	P-1
Q---- Sample Memorandum for Site Plan Submission	Q-1
R ---- Expedite Review Request.....	R-1
S ---- Sample Memorandum for Acceptance of Risk.....	S-1
T ---- Explosives Safety Submission for Chemical Safety Submissions (CSS) Content	T-1
U ---- Explosives Safety Submission for Institutional/ Engineering Controls Content.....	U-1
V ---- Explosives Safety Submission for a Non-Time-Critical Removal Action (NTCRA) Content	V-1
W --- Explosives Safety Submission for a Time-Critical Removal Action (TCRA) Content.....	W-1
X ---- Explosives Safety Submission for No DOD Action Indicated (NDAI/NOFA) Content.....	X-1
Y ---- Explosives Safety Submission for Construction Support Content	Y-1
Z ---- Not Used.....	Z-1
Glossary.....	Glossary-1

EM 385-1-97

Figure No.		Page
I.6-1 ----- Position Hazard Analysis (PHA).....		122
I.6-2 ----- Activity Hazard Analysis (AHA)		124
III.1-a----- Hand Grenades.....		152
III.1-b----- Fragmentation Grenades		153
III.1-c----- Rifle Grenades		154
III.1-d----- Projected Grenades		155
III.2 ----- Projectiles		156
III.3 ----- Mortars.....		158
III.4 ----- Rockets		159
III.5 ----- Guided Missiles.....		161
III.6 ----- Bombs.....		162
III.7 ----- Practice Bombs		163
III.8 ----- Dispensers		164
III.9 ----- Submunitions		165
III.10----- Pyrotechnics		167
III.11-a--- Stokes Mortar.....		168
III.11-b--- Livens Projectile		168
III.11-c--- Gas Mortar		169
III.11-d--- Chemical Agent Identification Set (CAIS).....		169
III.11-e--- K951/K952 CAIS		170

Table No.		Page
I.5-1 ----- Phase and Extent of Explosives Residues.....		96
I.5-2 ----- Absorption of Explosives as a Function of Type of Material and Phase of Explosive		107
I.8-1 ----- Hazard Classification and Characteristics of AE		127
I.9-1 ----- Storage and Handling of Commercial Explosives		130
I.10-1----- HD 1.1 Quantity Distance Requirements		135
III.1 ----- USACE Authorized MM Design Centers and Remedial Action Districts		171
IV.1 ----- Determination of Facility's Explosives Safety Construction Standards		193
