Construction
QUALITY ASSURANCE REPRESENTATIVE'S GUIDE
FOREWORD

This guide is one of four volumes reprinted with revisions from guides first published in 1964. The reason for their existence and continuance is to provide Quality Assurance Representatives (QARs), those with either quality control or quality assurance responsibilities, a reliable checklist type reference for each phase of construction.

QARs will find the information fundamental and appropriate to their role of controlling and assuring quality in accordance with the plans and specifications. The guide will, therefore, become a valuable reference to supplement the project plans and specifications. Its contents will also help refresh the memory of experience, training, and good old common sense. The use of knowledge with appropriate responsibility and authority will result in the decisions and actions so necessary for successful quality assurance. The objective is to produce quality products for our customers throughout the world.

FOR THE COMMANDER:

WILLIAM D. BROWN
Colonel, Corps of Engineers
Chief of Staff

This Volume 4 of EP 415-1-261 supersedes Volume 4 EP 415-1-261,
December 1986
