

Acknowledgments

Ken Hechler's manuscript lay in the files for over 40 years, and some effort was required to make it publishable. Kathy Richardson and Connie Potter edited and proofed the manuscript, and Robert R. Weekes prepared all the graphic art. Diane Arms, editor for the Office of History, assisted with the cartographic research and verification of the place names mentioned in the text. Thanks also go to Center of Military History personnel Howell C. Brewer, Jr., for locating the 1:100,000 base map from which many of the maps were drawn, and Arthur S. Hardyman, for his advice on map making.
